Expectations for Behavior

Parents and/or guardians are responsible for the behavior of the children under their care at the pool. The pool staff is not there to babysit or supervise children or adults present at the pool. The pool staff will only exercise supervision necessary to protect the health, safety, and general welfare of all swimmers. Violation of any Pool Rules as posted on the premises, the attached Code of Conduct, common sense, or verbal directives given by the pool staff or a pool committee member may result in suspension of swimming privileges for any length of time at the discretion of the pool staff or pool committee members. Refunds will not be given for loss of swimming privileges.

Young Children

Children who have not yet reached 12 years of age must have constant adult supervision at all times, no exceptions, once they have entered the pool property, regardless of where they are on the property. Children that cannot swim **MUST** wear a life jacket or puddle jumper when near or in the pool, and have a parent or guardian in the pool with them at all times. Small children age 4 or under must wear a pool diaper

Older Children

For children ages 12 and above, while they do not require constant adult supervision, it remains your responsibility to make them aware of the Code of Conduct, pool safety, and the consequences that follow bad behavior.
